20 June 1968

**MEMORANDUM FOR: Deputy Director for Support****SUBJECT : Weekly Report of the Office of Training****1. Items Pertaining to External Training**

a. Our second slot at the Industrial College of the Armed Forces for the 1968-69 session almost went begging. At the last minute, a Support Careerist still in the field with DDP/NE, [REDACTED] 25X1A9a was made available. Inability to fill the second slot would have been unfortunate, particularly in view of a DCI memo to the College last January in which restoration was requested of the second space which had previously been cut.

b. Four additional spaces at the Armed Forces Staff College, obtained through the intercession of the DDCI, will be filled from the DDS and the DDS&T. Despite the Clandestine Services' expressed desire to increase their representation, they did not nominate anyone for the course beginning in August.

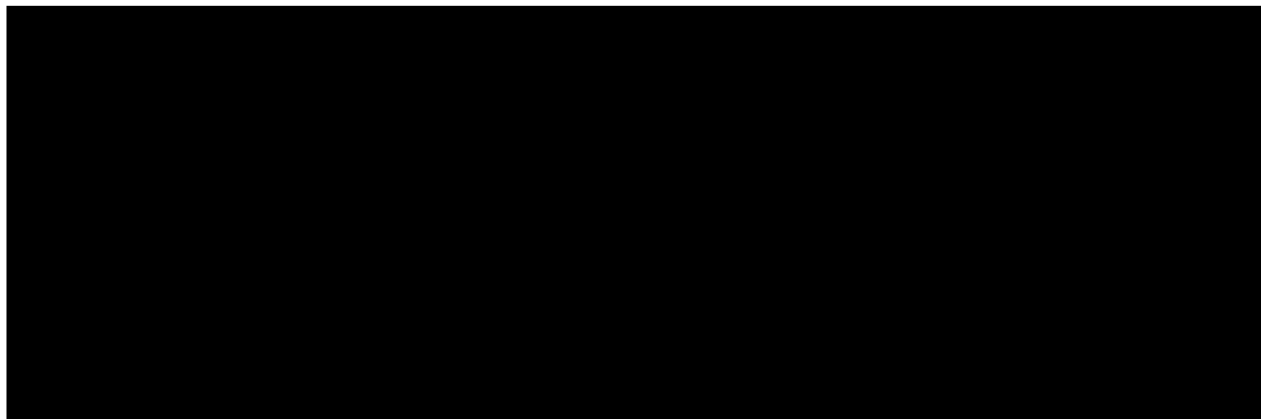

c. The Defense Atomic Agency has been advised that we would like to fill 35 spaces in a course they are preparing titled "Design Information on Nuclear Weapons." Major consumers will be from the DDI and DDS&T.

2. Items Pertaining to Internal Training

25X1A

b. The new European Operations Course is now in progress.

Since a first running of a program is always somewhat experimental, the need for stricter tailoring of material for this mature audience is already evident. Several changes for the next running have been suggested, but generally the course has been going well.

3. Career Trainee Resignations

During this fiscal year, 17 Career Trainees have resigned. Of the last two to resign, one was a young lady who married, the other left his job in FE Division to take a co-pilot job with Eastern Airlines. He told us that the long waiting period prior to overseas assignment influenced his decision along with lack of significant work on the
